Make a difference in a big way!

"What we're doing as massage therapists is just amazing. It's a very special feeling to make such a positive impact on so many people's lives; it feels like God's work. We're not only helping and comforting patients, but also their families and caregivers by utilizing breathing exercises and other modalities. It's a magical experience that makes me realize the real value of my time.

– Karina Martin, LMT, Professional Volunteer
